COMMUNITY PROJECTS - South Kanara - Agricultural Development - Supply of demonstration equipments - Purchase - Sanction - Request.

The Special Agriculture Demonstrators working in this Project area had represented that planting of seedlings under the Japanese method of paddy cultivation requires the use of certain chains to fix up the correct space and margin and the supply of these chains was requested by them very urgently as the planting under the method has to be taken up at the ensuing season.

54 chains have been got locally prepared at Re.1-8-0 each for supply to the Village Guides at the rate of one each.

I request that sanction may kindly be accorded for the expenditure of Rs.81/- (Rupees eighty one). This expenditure may be counted against the provisions in the overall programme.

Yours faithfully,

Project Executive Officer.
